2-Wire System!

Retrofitting Made Easy!

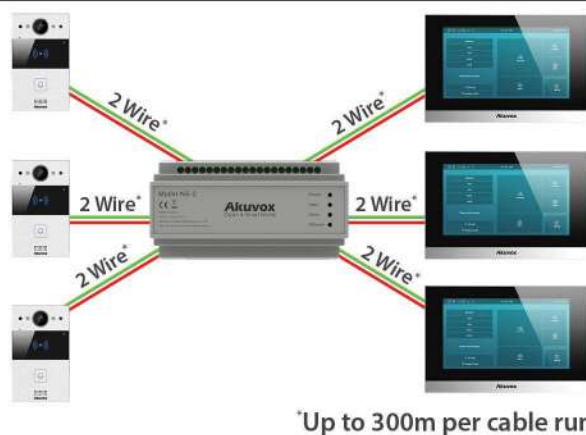

Daisy Chain

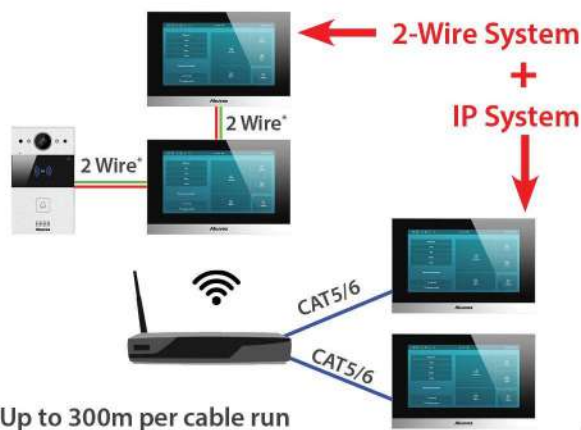

- Connect just 1 monitor via WiFi for network access
- No Hub required • Connect up to 8 devices
- Power 1 monitor anywhere on the chain

Star Configuration

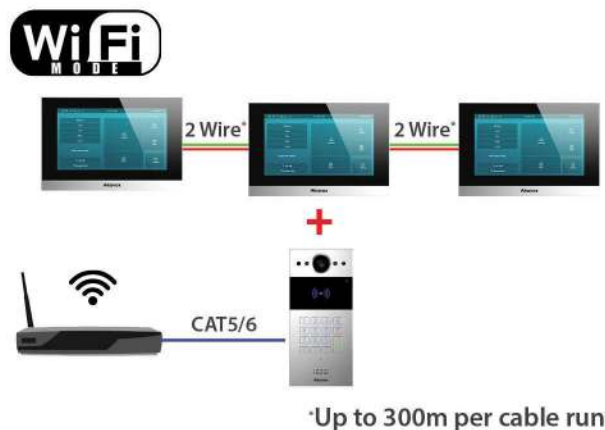

- Can connect up to 6 devices to Hub

Hybrid Mode

- Connect a combination of 2-Wire and IP systems together simultaneously for total flexibility

Multi Mode

- Using existing 2-Wire cabling, Akuvox 2-Wire Monitors can connect to any standard IP Doorstations
